

GALVANIZED 1¼" - 4" Roof Pipe Flash

PRODUCT FEATURES

- 24 gauge galvanized base with elastomer collar
- Fits any roof pitch to 45°
- Approved for Type "B" installations
- Elastomer collar heat tested to 180° Fahrenheit
- Tested for ultraviolet, ozone, and weather resistance

SPECIFICATION

Furnish and install roof vent flashing with 24 gauge galvanized steel base, fitted with elastomer collar. (Do not use Petroleum based mastics, sealing compounds, or paints on collar portion of all flashings, on all hardbase, flexible, or rain collars.)
