- TRIVC214

ITEM NUMER

- 692792
- 692793
- 692794
- 692795
- 692796

Be sure top of vent pipe does not extend past the collar of the TRI-BUILT® MultiCap vent when installed. Tabs inside of cap will prevent this from happening when installed correctly. Tighten the collar bolts equality to a snug fit.

Always wear gloves when handling aluminum and sheet metal products.

Always check Local Building Codes for installation.

Warning: If the top of the TRI-BUILT MultiCap vent is too close to the top of the vent pipe, gases WILL NOT vent properly.

Complies with ANSI / UL 441
